ACCIDENT, EMERGENCY AND CASUALTY SERVICES — PROTOCOL REFERENCE

හදිසි හා අනතුරු සේවා | அவசர மற்றும் விபத்து சேவைகள்

Ref: SGH-ER-001 | Issued: 01 June 2026 | Rev: 6.0

Dept: Accident, Emergency and Casualty, Ground Floor,

Kirula Road Entrance

IN THE EVENT OF A MEDICAL EMERGENCY, CALL +94 11 2 456 911 (SGH EMERGENCY) OR 110 (NATIONAL).

Treatment will not be withheld pending administrative formalities.

EMERGENCY ENTRANCE AND ACCESS

The Accident, Emergency and Casualty (AEC) department operates 24 hours. The dedicated entrance is located on the Kirula Road side of the hospital, clearly identified by green emergency signage and continuous floodlighting. Ambulance access is via the covered bay adjoining the entrance. Walk-in patients are directed through the glass doors marked "Accident and Emergency." The main hospital lobby is not to be used for emergency presentations.

Covering Colombo and suburbs

CONDITIONS REQUIRING IMMEDIATE AEC ATTENDANCE

- Chest pain or tightness, particularly when accompanied by sweating, nausea, or breathlessness
- Suspected stroke: sudden facial drooping, unilateral arm weakness, slurred speech, or abrupt vision loss
- Severe or rapidly worsening breathing difficulty
- Uncontrolled or profuse external bleeding
- Loss of consciousness or active seizure
- Severe allergic reaction, including facial or throat swelling or difficulty swallowing
- Major trauma arising from a road traffic accident, fall from height, or assault
- Fever above 39°C with altered mental state or stiff neck
- Suspected poisoning or drug overdose
- Acute severe abdominal pain

For non-urgent concerns such as minor lacerations, mild fever, or medication queries, patients are advised to attend OPD or contact the Nurse Advice Line at Ext. 1199.

TRIAGE CLASSIFICATION

Upon arrival, every patient is assessed by a triage nurse within five minutes. Priority of treatment is determined by clinical severity and is not based on order of arrival.

Level	Category	Description	Target: Seen by Doctor
1	Resuscitation	Immediate life threat; cardiopulmonary arrest or equivalent	Immediately

2	Emergent	High risk of rapid deterioration; potentially life-threatening	Within 15 minutes
3	Urgent	Significant condition; currently stable but at risk	Within 30 minutes
4	Semi-Urgent	Requires care; not in immediate danger	Within 60 minutes
5	Non-Urgent	Minor presentation; manageable at OPD level	Within 120 minutes

PAEDIATRIC EMERGENCY

A dedicated paediatric bay operates within AEC at all hours, staffed by a paediatric registrar around the clock. Children are triaged separately from the general adult population. One parent or legal guardian may remain with the child at all times. The paediatric bay entrance is marked with a blue floor line inside the AEC department.

AEC CHARGES

Item	Fee (LKR)
AEC Registration (triage and initial nursing assessment)	1,000
Physician consultation at AEC rates	3,500
Investigations and treatment	Billed as incurred

Insurance pre-authorisation for emergency admissions may be processed after stabilisation. The Insurance Desk (Ext. 1200) will initiate insurer notification on behalf of the patient once insurance documentation is provided.
